Sir:

It is respectfully requested that the holding of abandonment be withdrawn because a response was timely filed.

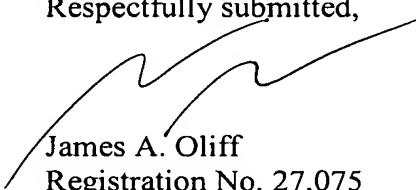

Applicant timely filed an Amendment and a Request for Continued Examination on January 26, 2009, which is two months after the November 26, 2008 decision on appeal from the Board of Patent Appeals and Interferences. Despite the timely filing of the documents, a Notice of Abandonment was mailed the next day (January 27, 2009) stating that the application is abandoned in view of the decision by the Board of Patent Appeals and Interferences. It also appears as if the Notice of Abandonment was prepared on January 21, 2009 even though Applicant has two months from the mailing date of the Decision (i.e., January 26, 2009) to file a reply. Please see the bottom right corner of the Notice of Abandonment where it states that it is part of Paper No. 20090121. The mailing of the Notice

of Abandonment is contrary to 37 C.F.R. §1.198 and MPEP §1214.07, which clearly state that prosecution of the application will be reopened if an Amendment is filed with a Request for Continued Examination.

Attached to this Petition is a copy of the Request for Continued Examination and Amendment filed on January 26, 2009, a copy of the January 26, 2009 date-stamped receipt, and a copy of the Patent Office Image File Wrapper (IFW) that indicates that the Request for Continued Examination and Amendment were timely filed on January 26, 2009.

Applicant submits that no fees are due in support of the above Petition. However, any fees deemed necessary to secure entry and consideration of the foregoing may be charged to Deposit Account No. 15-0461. Please telephone the undersigned at the telephone number listed below if any questions arise in connection with this matter.

Respectfully submitted,
